CLINICAL ENGINEERING DEVELOPMENT WORKSHOP

NOMINATION FORM

URGENT RESPONSE REQUIRED

Clinical Engineering Development Workshop 2019

15th - 17th November 2019

The College of Biomedical Engineers within Engineers Australia is committed to maximising opportunities for development of practitioners within the discipline. To that end, a Development Workshop will be held prior to the ABEC 2018 Conference which is being held in Melbourne from 15th – 17th November 2019. This Workshop continues an annual series, focusing on Clinical Engineering under the auspices of the College's National Committee on Clinical Engineering (NCCE).

The workshop is intended for emerging or developing Biomedical Engineering practitioners at all levels of academic qualification. It aims to provide the forum and opportunity for these individuals to extend both themselves and their Clinical Engineering knowledge, to mentor with experienced individuals, and to establish or enhance networking opportunities amongst their peers.
